With reference to the above site, the works proposed to be adopted, under Section 18 of the Public Health Act 1936, are now substantially complete and have been constructed, in accordance with the Agreement, to the satisfaction of my site staff.

The works are to be placed upon a twelve month period of maintenance as from 1 December 1990, and I request that a set of 'as laid' record drawings be sent to this office, for examination.

Two months before the expiry of this maintenance period please notify my department, in writing, in order that a final inspection of the works can be arranged.
